Mrs. Bryan moved that the money remain for the prepent in bulk in the bank until next fall, when the final division should be made after all outstanding accounts have been settled up. Mrs. Hotolakies favored an immediate, equal division of the money between the Confederate Museum and the Private Soldiers' and Saliors' Monument. Mrs. Minor suggested that the matter be left with the president of the Bollywood Memorial Association, who should confer with the

Mrs. Firyan's motion was adopted, but when it was stated that the share of the receipts was hadly needed at once for the monument, Mrs. Bryan withdrew her motion, and the treasurer was directed to send a check for \$14,30,32 to the Monument Association, while the sum of \$14,30,33, including the odd cent, will received to the control of the form.

THE TUCKAHOE FARMERS' CLUB MEET AT WHITBY FARM,

A Day Long to be Remembered by the Participants-How to Feed and Breed Sheep.

The Tuckohoe Farmers' Club met yesterday at Whitby, the splendid stock farm of Mr. H. C. Chamblin, just below Richmond, on the Chesterfield side of the river, and the day was made doubly delightful by the numerous and constant attentions of the hospitable host.

President Bennett Puryear presided and Mr. Theodore Ellyson, the secretary, recorded the transactions of the day.

By noon the gallant companie commenced to assemble, and shortly after the club was called to order under the m deliars at one time.

The meeting closed with the singing of long metre doxology and a short Howard Swineford, James Lyons, Ashton Starke, J. B. Winston, John Wright, Samuel Regester, Judge Ingram, William J. While the committee does not promise to hear all the expenses of the visiting military incident to the trip, they will give substantial assistance, and think the cost to the visitors will be very small. The ceremonies at the grave will be of a very simple order. There will be a song, a prayer by one of the ministers, a salute will be fired by the military, a new composition by Professor Jacob Reinford hardt will be played by a band for the first time and the benediction will be pro-

nounced by another one of the ministers invited to officiate.

The funeral services were held over the body of President Davis in New Orleans December II, 1889. No part of that service will be repeated on May 31st, but simple corremonies appropriate to the ocimple ceremonies appropriate to the oc Fision will be observed. There will be no other exercises in connection with the interment other than those mentioned. He yesterday sent the following letter: "It is with the deepest resret that by the emphatic advice of my physician I feel bound to recall my acceptance to take part in the services of the dist of this month. Though conscious of my feeble state of health, my anxiety to accept the invitation was such as to cause me to delude myself with the hope that I would be given strength to offer my last official act to our dead chieftain and my honored friend. I am grieved, but it rests in a higher power than mine, and I have to bow to his dispensation."

Colonel J. T. Wilson, commander of Mildred Lee Camp, C. V., of Sherman, Tex., sends his regrets that his camp will not be able to attend. The writer among other things says: "In behalf of the camp I beg to return our warmest thanks. Having canvassed the matter, I find that no members of our camp will be able to go. The funeral of Mr. Robert H. Whit-lock, who died Tuesday night at 10 o'clock, took place yesterday afternoon at 4:20 o'clock, from Centenary Metho-dist church. Probably the largest crowd that ever attended a funeral in this church were present to do honor to the remains of one of the most prominent citizens of Richmond. The audience-room was filled to its capacity, and scarcely a seat could be secured in the gallery.

The floral tributes were very numerous and handsome, many varities of beautiful roses and ferns being arranged in artistic effects.

Rev. Dr. R. N. Sledd, pastor of Centenary church, conducted the services, being assisted by Rev. Dr. Peterson, Rev. Dr. Brown and Rev. Dr. Judkins. Besides these, there was a large representation of the pastors of the various city churches in attendance. The following gentlemen acted as pall-

Rheumatic Gout.

General Colton Greene, President of the State Savings Bank of Memphis, Tenn., Leaves His Crutches at BUFFALO LITHIA SPRINGS-Value of Buffalo Lithia Water in Gout, Uric-Acid Diathesis, Etc.

BUFFALO LITHIA SPRINGS, VA., September 29, 1892.

Colonel Thomas F. Goode:

DEAR SIR.—It is now four weeks since I reached Buffalo Lithia Springs, suffering from the effects of recurrent attacks of acute articular gout in both feet, which had lasted and confined me to bed for two months. Though I had biennially, souriered for short periods, the malady on this last occasion was more violent than before and threatened to take a chronic form. My digestive organs were impaired, my health was shattered. I was or poled, and calcareous deposits were appearing on both feet. Directly on my arrival I copiously used the water of Spring No. 2 conjointly with daily hot baths. A fortnight later I was in condition to walk without the use of crutches, the swelling and inflammation of the parts had measurably subsided, and my health improved. To-day my general health is better than it has been in twelve months, the deposition of uric-acid sediment is dissipated, and my feet, though sensitive to pressure, are restored to ther normal condition.

Respectfully yours. Respectfully yours. COLTON GREENE.

ITS GREAT TRIUMPH IN RHEUMATIC GOUT.

[Statement of Mr. Charles Bernaschina, of Hot Springs, Ark.]

Proprietor of Buffalo Lithia Springs, Va.:

Proprietor of Buffalo Lithia Springs, Va.:

Dean Sm.—I cheerfully place at your disposal the following statement, showing the remarkable benefit which I have derived from the Buffalo Lithia Waters in a case of Gout. I am a resident of the Hot Springs, Ars. In October, 1885, I was attacked with Rheumatic Gout in a very severe form, being confined to my bed until the April following. For fourteen consecutive months I used the hot baths, and visited many of the noted mineral resorts of the country, and from time to time since have made use of the hot baths, but without finding any relief. Chalky deposits formed in most of my joints. I was unable to walk or to use my hands. Four months ago to-day I arrived at these Springs, and was for some time after confined to my bed. At the expiration of six weeks slight improvement was percentible, it e chalky deposits began to disappear, and I have continued to improve to the present time, and to an extent that I consider, under the circumstances, almost marvellous, the chalky deposits having almost disappeared. I am now in vigorous general health, and walk readily and actively, walking often several miles over the surrounding hills, and am able to use my hands in dressing myself and at the table, which I was not able to do previous to coming to the Springs.

ous to coming to the Springs.
You are doubtless aware of the fact that my case has attracted unusual attention among your many guests from all parts of the country.

August 6th, 1892.
